April 2014

42 players joined us for a great day at Secret Harbour Golf Links to play for the Founder's Cup on a beautifully prepared course which just gets better each year. The weather looked like we might have been in for some rain but as it turned out we managed to get through the afternoon with only a few drops of rain and some breeze to contest with. As is the usual case some golfers managed to play the course unaffected by the elements and other distractions to score very well.

This year Alan Bruce won the day with an excellent score of 43 pts and will have his name engraved on the prestigious Founder's Cup.

The WAPGC committee is ever mindful of their responsibilities in making this great club, a *wonderful* club. This has led to the introduction of AGUs through affiliation with GolfWA, which in turn has led to a number of new members joining our ranks. We see this as an significant step for our club, ensuring our success into the future.

As important as these new initiatives in attracting new members, is keeping the old and current members enthusiastic and involved with the club. Phil Willis is doing a great job by sending out surveys gauging the reactions, thoughts and opinions of our club members. So, if you see a WA Pharmacy Golf Club survey, please fill it out, as ultimately, it benefits you, our much loved members.

Hit 'em down the guts!!

For the SIGMA clients the WA SIGMA Golf Classic annual golf day is being held at Joondalup Golf resort on Monday 23rd June 2014. If you are interested in playing this day please contact [Tony Kregor](#), Sigma Rewards Manager or any of the Sigma WA guys. Great course, great prizes & great hospitality!

For the first time in its 16 year history, the WA Pharmacy Golf Club will be affiliated with WA Golf.

This means that WAPGC members will be able to hold and maintain an official AGU handicap in the 2014 season for games played with the WA Pharmacy Golf Club. The AGU handicap is recognised throughout Australia for competition play and includes indemnity insurance.

Click [here](#) for more information on the benefits of the affiliation.

Whilst the committee recognises that current members who are members of an existing golf club, who already hold an AGU, may feel disadvantaged by paying an extra nominal cost to help subsidise the fees associated with being part of WA golf, the committee felt that it was in the best interests of the club to be part of WA Golf with the intention of increasing members.
